President's Message

Chapter 10 hit the ground running in 2024! In February, HWC Engineering hosted our Board meeting and Law Day, an annual legislative update. Legal Affairs Committee Co-Chairs Yasmin Stump and Jason Lueking put together an excellent program that ended with an update from representatives of the Office of Indiana Lieutenant Governor, Suzanne Crouch. A huge “thank you” to all involved in planning and executing this successful event!

March 8th is International Women’s Day. It is evident that women have made a remarkable difference within Chapter 10. Our female members stand as pioneers, experts in their respective fields, mentors, and most significantly, achievers. This warrants acknowledgment and celebration! Over the last two decades, a little more than half of our Chapter Presidents have been women. Presently, nine out of fifteen Chapter 10 Committees are Chaired by women. Among our credentialed members, a little over half are women who possess the distinguished the SR/WA Designation and industry certifications!

Chapter 10 has another reason to celebrate – we're approaching a membership of nearly 200 strong! Since the beginning of 2024, Chapter 10 has welcomed 19 new members into our community. I'd like to extend an invitation to each and every member to attend the Chapter 10 New Member Campaign & Networking Reception immediately following the IRWA/ITE Transportation Forum. The reception is scheduled for April 18th at 4:30 PM. It's not just a member drive; it's an opportunity to reconnect and forge new relationships within our community of professionals! This event is open to all and free of charge. So, mark your calendars, attend the reception, and don't forget to share this invitation with your colleagues.

The Transportation Forum is a collaborative event with ITE that will be held in Fishers, Indiana at The Wellington on April 18th. The program starts at 9:00 AM with check-in beginning at 8:30 AM. Lunch is included and we have a great line-up of speakers. Continuing education credit approval is pending. In addition to the educational programming, Chapter 10 will hold elections for Chapter Offices at 3:00 PM. This portion of the meeting is open to all Chapter 10 members and is free of charge. Please call or email with me any questions.

The Chapter 10 website and Chapter social media pages are great resources to find opportunities to connect with fellow members and stay up to date on chapter happenings. If you would like to be involved in Chapter 10, you are welcome! Send me a message, give me a call, or talk to me at an event. Thank you for the opportunity to serve as Chapter 10 President.

ASHLEY JOHNSON, MAI, SRA, R/W-AC
Chapter 10, President
(812) 337-0772

An advertisement for Volkert. The top half shows a road stretching into the distance under a blue sky with a few clouds. The text "DOING BUSINESS THE" is in small white letters, and "RIGHT OF WAY" is in large white letters. Below the road, there is a list of services: "ROW Plat Development | ROW Acquisition | ROW Staking | Utility Easement Acquisition | Topographic Survey | Project Management". At the bottom, there is contact information: "9880 Westpoint Drive, Suite 500 | Indianapolis, IN 46256", "317.960.1422", "www.volkert.com", and the "VOLKERT" logo in a stylized font.

Evacuation Technologies to Reduce Methane Releases During Pigging

Due to the significant global warming potential of methane, there is a growing focus on minimizing its release into the atmosphere. The importance of reducing emissions is highlighted by the 2020 Protecting our Infrastructure of Pipelines and Enhancing Safety Act (PIPES ACT) and the 2022 Inflation Reduction Act (IRA).

These Acts are prompting oil and gas companies to prioritize environmental considerations when developing or updating their LDAR (leak detection and repair) plans. For more information, you can access the February article in Pipeline and Gas Journal by clicking this text.

BIDEN PAUSES LNG EXPORT APPROVALS AFTER PRESSURE FROM CLIMATE ACTIVISTS

President Joe Biden halted the approval of both current and forthcoming requests to export liquefied natural gas (LNG) from new projects. The Department of Energy will look at the economic and environmental impacts during the break. The last review of the LNG exports was conducted in 2018 when export capacity was 4 billion cubic feet per day. It is not believed that the pause will cause harm to the US allies and there is an exemption should there be a need for additional supply. Although environmentalists are rejoicing the decision, some believe it is not the right move. Click on the gas symbol above to be directed to Reuters to read more on this hot topic.

WSP USA brings together Engineers, Planners, Technical Experts, Strategic Advisors, Construction Management and the Right of Way Acquisition professionals who are dedicated to collaborate in the best interests of serving local communities.

Have questions about your eligibility? Please contact Cindy Candler ccandler@schneidergeomatrics.com

IRWA's Purpose:

We improve people's quality of life through infrastructure development.

IRWA's Mission:

We empower professionals by elevating ethics, learning, and a standard of excellence within the global infrastructure real estate community.

Essay Question:

Explain the reason for applying for this scholarship and how this scholarship funding will enable you to contribute to Chapter 10 and IRWA's Purpose & Mission.

Essay:

MARCH 17-23 IS NATIONAL SURVEYORS WEEK

National Surveyors Week

What is a Land Surveyor?

Land surveying is the art and science of establishing or reestablishing corners, lines, boundaries, and monuments of real property (land) based upon recorded documents, historical evidence, and present standards of practice. Land Surveying also includes associated services such as analysis and utilization of survey data, subdivision planning and design, writing legal descriptions, mapping, construction layout, and precision measurements of angle, length, area, and volume.

One of the primary roles of the land surveyor is to find the boundary of a person's property. That boundary is described in legal documents and the land surveyor follows that description and locates the boundary on the physical land and marks it, so the owner knows what land he/she owns.

Land surveying is a part Archeology and part Private Investigator. This combination provides independent information that protects your property rights.

#IndianaSurveyorsWeek

PROFESSIONAL DEVELOPMENT NEWS

NEW Professional Right of Way Certification Program

The Professional Right of Way Certification Program is a three-level program that begins with the Right of Way Agent (RWA) certification, progresses with the Right of Way Professional (RWP) certification, and culminates with the Senior Right of Way Professional (SR/WA) designation.

Those who hold the SR/WA have achieved the most prestigious professional designation in the right of way industry through experience, education, and examination. They represent the most seasoned professionals who have acquired the highest level of knowledge and expertise within all the major disciplines of the right of way industry. Together with the RWA and RWP, earning the SR/WA designation can help create employment opportunities, career advancement, salary increases and professional development growth.

[Professional Right of Way Certification Program Guide](#)

[Professional Right of Way Certification Program FAQs](#)

Please do not hesitate to reach out with any questions to get a better understanding or for help in laying out a plan on how to achieve one of these certifications and designations.

You can also go the IRWA website and visit the Credentialing Concierge by clicking the SR/WA logo =>.

Citizens Energy Group Obtains \$11 Million in Loans to Accelerate Its Lead Service Line Replacement Program

Thousands of Citizens customers own homes or buildings that connected to the water system before 1950, with water service lines likely made of lead or containing lead. Launched in 2022, the LSLRP is a multi-year initiative to examine customer-owned service lines for potential lead content and replace them without extra charges to the customers. Click on the Citizens Logo to go to their website blog to read more.

EDUCATION

NIPSCO is hosting both the **Principles of Real Estate Engineering** and the **Environmental Awareness** courses this week in Merrillville!

If your company would like to learn more about hosting specific courses onsite, please reach out to Patrick McCallister, SR/WA, Chapter 10 Education Chair

Do you have a list of IRWA Education Courses that you have identified that you want to take over the next couple of years?? Send your list to Education Chair, Patrick McCallister, SR/WA so that he can get these courses worked into the Chapter's course schedule. Click the orange text above to get his email link.

DID YOU KNOW.....

.....by taking IRWA education courses you can earn IRWA Certifications/Designation that are looked at as marks of excellence in the Right of Way Industry.

....that Chapter 10 awarded \$7000 in education scholarships to be used during 2024. Don't miss out on your chance to apply for a scholarship for 2025.

Badger Chapter 17 Annual Golf Outing

Friday May 3, 2024

Brown County Golf Course

897 Riverdale Drive

Hobart, WI 54155

(920) 497-1731

Sponsorship Levels

- **Bay Sponsor:** A tee sign with your company's name, information, phone number, and logo if provided, will be placed on a tee box for all outing participants to see. Location of sign designated by golf course coordinator.
Cost = \$100

- **Great Lakes Sponsor:** Sponsors will be entitled to a tee sign as stated above, and also cover the entry fee for one golf team (a \$340 value). Your logo, if provided, will also be on the sign.
Cost = \$500

- **Beverage Cart Sponsor:** Sponsor a portion of the beverage cart that will be on the golf course during the golf outing. Donate any amount from \$100 to \$500, which will be applied towards beverages from the bar or beverage cart.

Climate change, cost and competition for water drive settlement over tribal rights to Colorado River

A Native American tribe, with one of the most significant water claims in the Colorado River basin, is nearing a resolution with numerous parties. This development could lead to supplying water to tens of thousands of tribal members in Arizona who currently lack access to it. After decades of negotiations, this agreement aims to prevent additional legal battles and expenses for the tribes. Navajo authorities anticipate concluding the terms in the near future. Click on the river to read more on AP News.
