IRWA Chapter 10

2026-2027 INSTALLATION MEETING

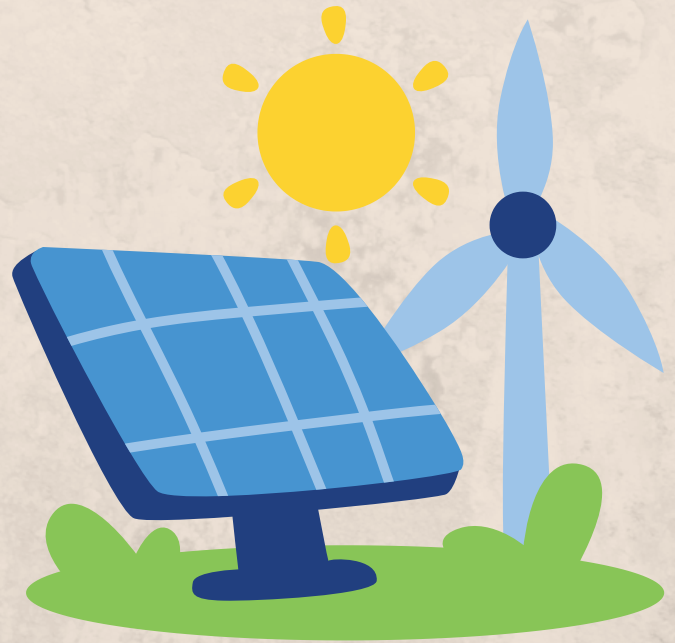

At Victory Field

RENEWABLE STORAGE

IN THE US

A new analysis done by researchers at UC Berkley has stated that renewable storage in the US could supply $\frac{1}{3}$ of the industrial heat demand by 2035! These findings are particularly significant considering the volatility of natural gas prices.

NEGOTIATIONS, INC.

Our experienced professionals will work with you on large or small scale projects to reach fair and equitable settlements.

We advocate for our clients with good faith negotiations while upholding their valuable reputation.

We have over 100 years combined experience in right of way acquisition and stand ready to *Lead you the Right Way!*

Member Spotlight

Name: Jeffery Reece, SR/WA

Employer: I am now retired. I previously worked for American Electric Power Service Corporation (on behalf of Indiana Michigan Power Company) for 36½ years; and for ORC (on behalf of AEP) for 4½ years.

Time in Industry: 41 years

How long have you been a member of IRWA: I have been a member of Chapter 10 since 1980.

Position on Board (Past or Present): I am a past president of Chapter 10 (1990). I have also served as long-time Chair of the Chapter 10 Environment Committee (when the Chapter still had an Environment Committee). I was also the Chair of the International Environment Committee (1994-95).

How did you hear about IRWA: I first heard about IRWA in 1979 while working as a electric transmission line R/W Agent for Indiana & Michigan Electric Co. (now known as Indiana Michigan Power Co.). Bill Wermund, Ron Barker, and John Smitherman were the first members of Chapter 10 that I had met, and I never looked back after joining Chapter 10 in 1980.

Favorite Meeting or Speaker: My favorite IRWA meeting is ANY of the RR Symposiums.

What you have learned since being a member of the IRWA:

Networking, networking, and networking. I have learned so much over the many years of being a part of IRWA and showing me how to be a true professional in this maddening time is the most beneficial aspect I have learned.

What do you do in your free time: Now that I am fully retired, I can really dig deep into genealogy. I love reading (mostly history and non-fiction books) and walking the vast rail-trails in Bloomington. My wife and I moved from the South Bend area to Bloomington in 2024 (to be closer to our kids and their families) and there is such a great trail system in the Bloomington area. Love southern Indiana!

Indiana Department of Transportation

News Release

INDOT has joined a mutli state transportation campaign called ‘Check Your Height, Know It’s Right.’

The goal is to help drivers avoid striking low bridges and overpasses. According to INDOT data, approximately 40 Indina overhead structures and briges are hit each year. The campain encourages all classes of drivers to ensure that thier vehicle or load will saftely fit under all bridges that entend over state and local roadways.

LEGISLATION Surface Transportation

The multiyear surface transportation legislature that funds highways and mass transit is stalled in the Senate. There is major concern that this new legislation will not be passed before the current act expires on September 30th.

The logo for CRE Consulting is a blue shield with a white border. Inside the shield, there is a stylized landscape with a road, hills, and a wind turbine. The text "CRE" is in large white letters, and "CONSULTING" is in smaller white letters below it. The website "consultcre.com" is written in small white text at the bottom of the shield. The background of the banner is a landscape with a road, hills, and a cloudy sky.

New IURC Member

Governor Braun has appointed attorney Joby Jerrells as the newest member of the Indiana Utility Regulatory Commission. This appointment will replace outgoing Commissioner David Veleta, who left shortly after the AES rate hike vote.

This marks the 4th appointment to the 5 person board since December.
